OBJECTIVE :

As a recent learn with a strong foundation in Java programming, I am eager to contribute my skills to a dynamic development team. With a passion for problem-solving and a solid understanding of object-oriented principles, I am excited to collaborate on creating efficient and robust software solutions. My academic projects have honed my ability to work in a team, learn quickly, and adapt to new challenges. I am enthusiastic about continuous learning and staying updated with industry trends to deliver high-quality code that meets both user needs and business objectives.
